## **RULES**

1. How to decide who starts out: Take turns shooting from the same spot, the first person who makes the basket will be the person to start the game of H-O-R-S-E. Please announce player #1 and #2.
2. Player #1 can take a shot anywhere they wish.
3. Player #2 - If player #1 makes the basket, player #2 must copy what player #1 did in the exact same location. If player #1 misses the basket, player #2 can shoot anywhere they want.
4. Keep playing through attempting new shots.
5. Whenever its your turn if the person before you made a basket you have to copy their shot exactly. If person before you missed, it's your turn to invent a new shot.
6. If someone attempts a shot made by the person before them and they miss the basket, they get the letter H. Each time someone makes the mistake they get a new letter, eventually spelling out H-O-R-S-E. When you spell out the word H-O-R-S-E you lose the game.
