Creative Kids Preschool 2022

All Students

Moms and Dads, what happens if your child gets lost? When found by a police officer will they know their phone number, your names (NOT Mom or Dad) or address? Please practice both address and phone numbers, it's for their safety.

Evaluations

We are in the process of evaluating all students. You may get notes home reminding you to practice letters, sounds, numbers, colors and shapes. We hope that between the practice at home and school, children have the opportunity to achieve their best. The evaluations will be completed by April 15th.

Please **do not** hesitate to ask your teacher any questions that may arise. The 4-year-old children need to practice telephone numbers and addresses this month.

Registration for 2022-23

We are currently registering for school year 2022-23! Register early to ensure you get the class you want!

Extended Preschool

May 16th-June 3rd.

Extended preschool is a extension of our current school year! We will reinforce all the academic skills and follow the same classroom routine! Registration begins March 4th!
