INFORMATION

Welcome back from Spring Break! We hope everyone had a safe and relaxing break and are looking forward to the final 9 weeks of school.

Despite the snow we got this week, we know that warmer days are ahead of us, and we wanted to remind everyone that we will start to venture outside again to enjoy playing at the park and playground. Please make sure that all the kids are dressed for the weather, especially for playing outside.

Thank you for supporting your student and the KinderStop program and we are looking forward to welcoming everyone back on Monday, April 3!
